Patterns are not included, but references to original sources are.0 of 0 people found the following review helpful. Good referenceBy BodiciaAs you might expect it is filled with illustrations from catalog, great reference for costumers and any one curious about what was worn in that time period.4 of 4 people found the following review helpful. Historians EnjoymentBy NorwegiesIf you enjoy costume and accuracy this is a catalog with a snap shot in time. The picturs are large with period description. This isnt a pattern book but rather an idea book.

Over 1,000 illustrations including stylish cloaks, blouses, skirts, aprons and dresses for women; granny cloaks and

cape collars for little girls, a little Fauntleroy costume for boys and much more.
