**Helene Bress : By Helene Bress The Weaving Book (1st First Edition) [Hardcover]** before purchasing it in order to gage whether or not it would be worth my time, and all praised By Helene Bress The Weaving Book (1st First Edition) [Hardcover]:

2 of 2 people found the following review helpful. Fantastic weaving book and patternsBy Kindle CustomerThis book has more patterns than the average weaver can weave in a lifetime. It goes into great detail on many, many different weaving structures and patterns. I wish it had more colored pictures, but still is a fantastic source on weaving.3 of 3 people found the following review helpful. Candy land for the weaving fanatic!By Spinster K WilliamsWow! After looking at a few pages of this book I got the same reaction as when I first saw Barbara Walker's knitting references on stitch patterns. This is a gold mine I will never deplete. I will be referring to this book for many years to come.0 of 0 people found the following review helpful. This is a beautiful book. I am so happy to have it ...By Kiru CatThis is a beautiful book. I am so happy to have it and have bought one for my friend as well as myself.

This edition of The Weaving Book is slightly revised from the original 1981 version. Technical issues required us to scan the original photographs for this edition. We took this opportunity to adjust the look of the photographs, make them larger and to rearrange some pages. The text was retyped and small corrections were made. In a single, beautifully illustrated volume, The Weaving Book explores thousands of variations of five of the basic weaves: plain weave, twill, overshot, monk's belt, and huck. With a concentration on four-harness weaving, each of the basic weaves is first shown in its simplest forms and then in both lesser-known and new variations, providing nearly 3,000 patterns

in detailed photos, drafts, and treadling orders. No other volume on weaving contains as vast an assortment of weaving patterns as *The Weaving Book*. It will provide thousands of ideas for both intermediate and advanced weavers.
