ContentsBy 2crazy4books2byways in handweavingmary meigs atwaterhardcover 1967first edition ~ second printingan illustrated guide to rare weaving techniquesMrs. Atwater describes little-known weaving techniques from various parts of the world. Instructions are given for an amazing variety of weaves. The fabrics produced by these techniques are for the most part narrow belts, bands and borders, although some of them may be adapted to wider textiles.Chapters in the book include discussions on Card, Inkle and Twined Weaving, Braiding and Knotting, Plaiting as well as Belt Weaves and other creations from areas in the world such as Peru, Estonia, Bolivia, Guatemala, Africa and Scandinavia.Clearly drawn diagrams describe the steps involved in the various techniques, and excellent photographs, in black white, illustrate the finished pattern. 128 pages.An essential reference book and a must for every weaver

An illustrated guide to rare weaving techniques - card-weaving, inkle weaving, braiding, plaiting, twining belt weaving on a standard loom. From the fabric patterns of ancient Egypt, ancient Peru, modern Guatemala, Scandinavia,

the South Pacific, and the American Indian civilization.
