between two identical products, and lack of responsesBy Garam Jewelry TradingHi,Although I've bought the exactly
same products, the price gap between them was over 100 dollars. I don't understand hos this happens. And secondly,
I'm getting frustrated about my returned item. You are not responding for such a long period of time, and there's no
way to contact you guys directly.Please review over my past purchases and tell me what is going on.Thank you

This sumptuous collector's volume showcases, at actual size, over 600 objects and drawings from Cartier's vast archives-many for the first time. The text recounts how this collection of over 1,200 items, dating from the 1860s to the present, was formed; explains the antique jewelry market; and imparts the artistic genius that places Cartier among the world's premier jewelers. Devoted to fine jewelry, this book presents pieces that were designed for the Duchess of Windsor, Daisy Fellowes, and Barbara Hutton alongside the Maharadjah of Patiala's recently restored necklace that once contained the famous De Beers diamond. Fascinating stories and complete technical details present Cartier's most

artful creations, from glittering tiaras to pieces from the famous "bestiary" of panthers, dragons, chimera, birds, and crocodiles, as well as rare brooches, necklaces, and bracelets. With its lavish slipcase, over a dozen gatefolds, extensive documentation, illustrated chronology, and index, this book is a must for specialists in the decorative arts and jewelry, and a publishing event for the quality of its design and reproductions.
