Chasing an iron horse ; or, A boy's adventures in the Civil War

Edward Robins : Chasing an iron horse ; or, A boy's adventures in the Civil War before purchasing it in order to gage whether or not it would be worth my time, and all praised Chasing an iron horse ; or, A boy's adventures in the Civil War:

3 of 3 people found the following review helpful. Americas civility even when at warBy Jim E. ReamesBook Review:

Chasing an Iron Horse, or a Boy's Adventures in the Civil War (Classic Reprint), by Edward Robins, published in 1902, based on a true story.Date of review: September 24, 2012At a time when our nation is so divided I came across a FREE book on Kindle about an adolescent drummer boy named George Knight, accompanied by his dog Waggie.

Together this pair joins a group of Union soldiers who make their way deep into southern territory, as spies, to overtake and steal a train. Their intent is to drive the train north, burning railroad bridges on their way back to their own lines. Not only is this book over 110 years old, it is based on a true story, that journalizes the penetration, techniques of survival, attack, escape and evasion, and the complete details of the raid. Written in a vocabulary much

different than today's scribbling, this story addresses courage, honor, dignity between combatants, and ends with a nation re-united. One thing I learned about that period of time is the use of hand carried batteries, for electrical backup was available during the Civil War. The sad reality of this story is that even when our nation was in mortal combat between states there was a greater civility among enemies than we currently witness between politicians, conservatives, and liberals. Jim E. Reames, Author "Valley of the Dry Bones" "LaDon's Lost Diamond" 0 of 0 people found the following review helpful. Nice storyh By Sam The story makes for some very interesting reading, although the story line gets a little predictable at times. It does give a good picture of the time frame around the Civil War and is well worth reading. 0 of 0 people found the following review helpful. Tough read By Happy 2B Reading Very detail driven, truth based, and dense, I am so used to fluffy stories that this took me a little longer to read, but if you enjoy fiction about the era, it is an excellent read.

This book was originally published prior to 1923, and represents a reproduction of an important historical work, maintaining the same format as the original work. While some publishers have opted to apply OCR (optical character recognition) technology to the process, we believe this leads to sub-optimal results (frequent typographical errors, strange characters and confusing formatting) and does not adequately preserve the historical character of the original artifact. We believe this work is culturally important in its original archival form. While we strive to adequately clean and digitally enhance the original work, there are occasionally instances where imperfections such as blurred or missing pages, poor pictures or errant marks may have been introduced due to either the quality of the original work or the scanning process itself. Despite these occasional imperfections, we have brought it back into print as part of our ongoing global book preservation commitment, providing customers with access to the best possible historical reprints. We appreciate your understanding of these occasional imperfections, and sincerely hope you enjoy seeing the book in a format as close as possible to that intended by the original publisher.
