Chinese Coins: Money in History and Society (Arts of China)

Liuliang Yu, Hong Yu : Chinese Coins: Money in History and Society (Arts of China) before purchasing it in order to gage whether or not it would be worth my time, and all praised Chinese Coins: Money in History and Society (Arts of China):

2 of 2 people found the following review helpful. A nice small book to read and enjoyBy PE EngineerIt is a small book (61 pages) for an enjoyable reading about Chinese Coins.I spent 15 minutes to read the entire book.The cost of the book is \$12.95 plus s/h. So the real cost is about \$1/min.It is a nice, small, but very expensive book.

This full-color book looks at some of the many varieties of coins used throughout the Chinese empire and in the

modern era, and provides valuable insight into the history of Chinese society, economy, and culture.
