Christmas Pins- Past and Present: Collector's Guide to IdentBy A CustomerThis is the first Christmas jewelry book I had ever found (so I bought it right away) and I have thoroughly enjoyed it. I have used it often to shop for pins and identify my favorite designers. The photography is excellent! The variety is also great. I just wish there were more pictures and a more comprehensive collection of photos for each designer because certain makers aren't thoroughly covered (like Eisenberg and Art). I did appreciate the backgrounds given on the various companies and the dates they produced their jewelry. This is certainly a valuable addition to my library!0 of 0 people found the following review helpful. Helped me with my pin collection.By crayolaFun book.
