I had originally checked it out of the local library and he loved it so much I bought him a copy. Great price and fast shipping. 0 of 0 people found the following review helpful. Great but! By Crystal of AMERICAN BLACK CROSS Beautiful book, perfectly packaged. Purchased as a gift for my Boss who owns a '47 Cadillac and '51 Mercury. By cheta A Piece of history for people classic cars fans.

Celebrating 60 of America's best-loved automobiles, this full-color car show spotlights the most glamorous cars of the golden era from 1945-1975. The text, by the author of *The Ultimate Classic Car*, and more than 680 lavish full-color photos reveal the design flourishes that make each car a classic.

From School Library Journal YA-What could be more American than a 1957 Chevrolet Bel Air? Along with hula hoops, drive-in movies and rock 'n' roll, it's become a '50s icon. The Bel Air is just one of 60 cars featured here. Take the wheel of a Mustang, cruise around in a Lincoln convertible, or roll down a country road in a '69 Vette. This book justifiably treats each engineering masterpiece as a work of art, paying homage with full-color photographs on thick glossy paper. Automotive aficionados will appreciate the historical, technical, and design trivia presented for each car. Young adults who like old cars or are in the process of getting their first wheels will get thoroughly revved up over this book. Copyright 1998 Reed Business Information, Inc.
