(Library ebook) Clock Repairing As a Hobby

## **Clock Repairing As a Hobby**

**Harold Caleb Kelly : Clock Repairing As a Hobby** before purchasing it in order to gage whether or not it would be worth my time, and all praised Clock Repairing As a Hobby:

0 of 0 people found the following review helpful. It is too intense for a regular person. I'll ...By KimIt is too intense for a regular person. I'll leave it to the pro's. Gave my copy to someone into clock repair and was well received.3 of 3 people found the following review helpful. Not really much hereBy TBShould be entitled "Theory of Clocks," because

there're only a dozen pages or so about how to make a repair. And the info there is like "How to file a gear tooth."

Well, when are you supposed to do that?3 of 3 people found the following review helpful. well written and good graphicsBy ErikA good small book to help get one involved and beginning in old movement clock repair. Was beneficial in repairing two old mantel clocks and bringing them back to life, and helping a third party with the care of their 1800's pendulum wall hanger.

This all-time illustrated favorite will interest both the horologist and serve as a how-to guide for the beginner who wants to learn clock repairing.
