Coins of Medieval Europe (Coins in History)

Philip Grierson : Coins of Medieval Europe (Coins in History) before purchasing it in order to gage whether or not it would be worth my time, and all praised Coins of Medieval Europe (Coins in History):

0 of 0 people found the following review helpful. Five StarsBy ALLEN SPRINGExcellent book!0 of 0 people found the following review helpful. Five StarsBy Leslie A TallisExcellent book and hard to find. Thanks!13 of 13 people found the following review helpful. A stunning overview of medieval coinageBy DSYarab@aol.comProfessor Grierson's works are always welcome additions to every numismatist's library and this one is no exception. This book is a beautifully illustrated and clearly narrated overview of medieval European coinage. It traces the development of the various coinages and their inter-relationship with one another in a compelling and engaging manner. Highly recommended as the introductory reference work for aspiring medieval coinage collectors.
