Collectible Vernon Kilns, Identification and Value Guide, 2nd Edition

Maxine Fleek Nelson : Collectible Vernon Kilns, Identification and Value Guide, 2nd Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Collectible Vernon Kilns, Identification and Value Guide, 2nd Edition:

0 of 0 people found the following review helpful. good to do business withBy Larry E. KingArrived as expected...good to do business with.0 of 0 people found the following review helpful. A Must for CollectorsBy Michelle526I recently started collecting Vernonware and this book was an excellent find, and a great bargain. it's in excellent condition too.2 of 2 people found the following review helpful. Very nice bookBy M. K. HaleThis is indeed

a very nice book. A lot of historic information as well as identification of untold number of patterns and shapes and price guide. As a collector and dealer, this book has been a great helper. The pictures, binding and paper quality are superior.

This all-new, completely revised and updated book on Vernon Kilns pays tribute to one of California's leading national pottery companies of the last century. Almost 500 color photographs, many not featured in the first edition, are included, with many never-before-seen photos of May and Vieve Hamilton pottery. A detailed history on the founding of Vernon Kilns and the evolution of marks is included, as well as sections on the war years, the manufacturing process, and famous artists and designers. New information and photos of commemoratives and innovative designs by foremost artists Rockwell Kent and Don Blanding, and Disney figures are showcased. There are also pattern indexes for each shape, as well as a general index. 2004 values.

About the AuthorMaxine Nelson's interest in Vernon Kilns traces back to 1946, just after the close of World War II. She authored two books, *Versatile Vernon Kilns* in 1978 and *Versatile Vernon Kilns Book II* in 1983. She published *Collectible Vernon Kilns* in 1994. After that she spent many years researching and uncovering scarce examples for her second edition, published in 2004. This book includes hundreds of color photographs not featured in the previous edition, as well as new information and current collector values. Art ware, specialty ware, dinnerware, and famous artists and designers are featured.
