Roerig's Cookie Jar Book III ReviewBy LeighFound this extremely helpful, especially the photographs. I was thankful for pricing guidance that the author also included. Information of the backgrounds of the manufacturers was interesting but a found a few that were too brief to nothing at all. When selling these jars it is always good to be able to pass on that type of information to the buyer. History was not covered in this book as this was the 3rd book covering the subject. I found this to be a very valuable reference tool to have available.0 of 0 people found the following review helpful. Five StarsBy Shelia S.Good information!!!
