Beautiful Photos, light on data.By sdpar3@aol.com Steve BennettI purchased this book primarily for the beautiful photography. The text is very brief. Unfortunately, it is also filled with much erroneous information.

From the pioneering Colt to the classic Smith Wesson to the pocket-size Deringer, the significant guns are discussed, their histories relayed, and their special features highlighted, special chapter devoted to the Civil War and the role of

revolvers in the battles. Beautifully illustrated.
