(Ebook free) Fuck the Navy, Fuck the System 2: The Graphic Novel

## **Fuck the Navy, Fuck the System 2: The Graphic Novel**

**Mark Moremoney, Aaron Mccarty : Fuck the Navy, Fuck the System 2: The Graphic Novel** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fuck the Navy, Fuck the System 2: The Graphic Novel:

3 of 3 people found the following review helpful. FTN #2By JulieThis guys first book was funny and honest, which made up for his horrendous lack of grammar, punctuation, spelling and at times incoherent thoughts. However, his second "novel" was little more than a notebook filled with crappy drawings and nonstop whining. Entire pages go on forever in run on sentences, and random capitalized letters, symbols and numbers show up spontaneously in the middle of words. A typical sentence in this book should read, "My LPO yelled at me because he's a jerk" but it comes off reading as, "mylpo ye!ELd at me B\$case hes a nerk." This book is not only a waste of time and money, but will actually make you dumber for reading it.

Mark Moremoney returns in this graphic novel adventure. He thinks the Navy has screwed him over as bad it can at Naval Nuclear Prototype in New York, but now that he's reporting to the U.S.S CARL VINSON(AKA CARL

PRISON) he's gonna find out he ain't seen nothing yet. He's gonna have to dodge power tripping officers, chiefs, and even his fellow blue shirt petty officers if he is going to survive workups in 2002 and Westpac 2003 after that.
