(Read ebook) Fun Collectibles from the 1950s, 60s 70s (Schiffer Book for Collectors)

Fun Collectibles from the 1950s, 60s 70s (Schiffer Book for Collectors)

Jan Lindenberg : Fun Collectibles from the 1950s, 60s 70s (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fun Collectibles from the 1950s, 60s 70s (Schiffer Book for Collectors):

2 of 3 people found the following review helpful. Waste of Money!By JennThis book only consists of pictures and the pictures are 3-5 word descriptions but the descriptions don't even include the makers or anything informative. It's like someone gathered a bunch of pictures from google and just glued them in.Don't waste your time or money.

Those who grew up in the mid-20th century share many common memories. They had the same teen idols, wore the same groovy clothes, and played with the same toys, thanks to TV commercials. This book has brought out the sentimental streak in all of those people, and has fascinated collectors and students of popular culture. Now in its new and improved second edition, it includes clothing, toys, games, teen magazines, and furniture in color photos with important information and newly updated values. It is a useful book for collectors...and cool!

About the Author Jan Lindenberger is a collector and dealer who resides in Colorado Springs, Colorado.
