Furniture Treasury (2 Volumes)

Wallace Nutting : Furniture Treasury (2 Volumes) before purchasing it in order to gage whether or not it would be worth my time, and all praised Furniture Treasury (2 Volumes):

1 of 1 people found the following review helpful. Great service too from the book dealerBy Stephen Timothy Dryden GarlandAs a newish student to American period furnitue this is a important archive of images showing the evolution of antique American furniture design. A pictorial dictionary. Great service too from the book dealer.1 of 1 people found the following review helpful. Excellent bookBy Kindle CustomerTogether with the third volume, the two volumes contained under one cover , this is a must have for a serious collector of antique furniture as well as for

someone who is particularly interested in the topic of antique furniture. All three volumes are loaded with excellent pictures as well as a lot of fascinating text. 0 of 0 people found the following review helpful. Book was in good shape but it was advertised as being from 1928 ...By CustomerBook was in good shape but it was advertised as being from 1928 when it actually was a 12th edition printed in 1974. That was a little deceptive.

Here Wallace Nutting, the most renowned authority in the field, gives everyone the opportunity to profit by his own experiences throughout a long life devoted to American antiques. He tells the reader where and what to collect, analyzes the special problems of the small collector, lists twenty-one precautions for the beginner. He recounts some delightful collectors' yarns, and describes his own experiences in acquiring historic antiques--most of which are now in museums.
