Gear Up!: Flight Clothing Equipment of USAAF Airmen in WWII (Schiffer Military/Aviation History)

Jon A. Maguire : Gear Up!: Flight Clothing Equipment of USAAF Airmen in WWII (Schiffer Military/Aviation History) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gear Up!: Flight Clothing Equipment of USAAF Airmen in WWII (Schiffer Military/Aviation History):

0 of 0 people found the following review helpful. Gear UpBy Brad C.After 20 years of collecting USAAF items I can't believe I missed having this volume years ago! It is a high quality reference that now is one of the premier reference books in my library. Not only that, but it is just plain fascinating to go through. If you like or collect WWII military aviation you just have to own this book. Thanks Jon for putting it all together between two covers.0 of 0 people found the following review helpful. very beautifull bookBy Trombettavery beautifull book who show by detail the use of

USAAF flying clothes and uniform during world war 2 with picture 14 of 14 people found the following review helpful.

An invaluable reference of WWII aerial warfare. By Bilagaana There are at least a couple of books devoted to the subject of WWII combat flight gear. Taking nothing away from the others, Gear Up! is a superb reference. Every page is crammed with excellent quality photographs, both period and recent, most in full color depicting the authentic gear in use and on display. The depth of coverage obviously reflects the author's enthusiasm for the subject: sixty pages on head gear alone--from helmets to sunglasses, forty-five pages on jackets and trousers, chapters on gloves, footwear, paper items, flak armor, ground crew gear...very little is overlooked. This is a pictorial history. The text is limited and is not intended to be an exhaustive treatise on the innumerable variations of individual items of gear. But, anyone with an interest in WWII aerial warfare will not be disappointed with this fine reference.

This new work from Jon A. Maguire provides an in-depth examination of personal flight clothing and equipment used by United States Army Air Force flyers in World War II. Included are: flight helmets, oxygen masks, goggles, clothing, boots, gloves, flak ar
