Not bad,not great though..By Mick SchnabelNot as good as past releases,when I say this,I mean,the "poster" side of the calendar crosses over across the spine of the calendar itself.This should have just been made a slightly different size,so to preserve the arts original image.And you would bed able to save the pictures/posters for display.Sadly with this,its kind of just another calendar.BUT,does have very cool gig poster art!0 of 0 people found the following review helpful.
