Fashion grows more elaborateBy ChrijeffThough prone to some odd outbreaks like the liripipe, Medieval costume was for the most part pretty simple, practical, straightforward stuff. But around the mid-12th century it began assuming more extreme expressions, as Tom Tierney shows in this direct chronological sequel to his Medieval Costumes Paper Dolls (Dover Paper Dolls). Using as his models a young ducal couple from Flanders, he portrays the "explosion of hat styles" for

which the period was notable, the mutations in sleeves and in ladies' headdresses, and the greater use of pattern as weavers grew more skilled at their trade. This was an era during which people began to travel about more and styles consequently changed more often. Tierney shows us why and how, with brief but useful liner notes to amplify his always excellent art.

16 costumes make up the wardrobe of this aristocratic couple of the Gothic era (c. 1150-1450). The young nobleman's garments include robes with long, full sleeves, parti-colored hose, a suit of armor, footwear, and headgear. His lady can be dressed in silk gowns, fur-trimmed robes, and a variety of elegant headdresses.
