Greenberg's Guide to Marx Trains

Eric Matzke : Greenberg's Guide to Marx Trains before purchasing it in order to gage whether or not it would be worth my time, and all praised Greenberg's Guide to Marx Trains:

It thoroughly covers many subjects by narrative description and includes information that I did not expect to read and found very interesting to learn. The numerous tables of every cars' variations must be based upon production factory records, they are so detailed and complete? Fortunate to own this book.0 of 0 people found the following review helpful. Greenberg's Guide to Marx Trains.By sheila eakinLacks bountyful pictures as other publications include, but DOES include Marx chronology whic I was seeking information on. Also includes variations in each group description.
