3 of 3 people found the following review helpful. Very good for realistic pricesBy todd94@aol.comThis book is great for realistic market prices. It has two price listings one for good condition and one for excellent for Postwar and Prewar and excellent and new for everything after 1969. Every listing is in numeric order with era it was made and even list special club cars but no prices3 of 3 people found the following review helpful. Good book.By A CustomerI thought this reference book was great. It gives you a ton of information that is helpful when buying used trains. I wish it had more pricing categories.
