## Gun Digest Book of Modern Gun Values

**From Brand: kp books : Gun Digest Book of Modern Gun Values** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gun Digest Book of Modern Gun Values:

Firearms made since 1900 are far more numerous than those made before 1900. Many of these post-1900 firearms are found at auctions, arms retailers, in advertisements, and as 'young' family heirlooms. Much more affordable and plentiful than pre-1900 collector-grade arms, many of these post-1900 guns are increasingly viewed as collectible, valuable assets. This all-new expanded edition helps collectors identify firearms, evaluate conditions, and determine values. Detailed specifications and current values from specialized experts are provided for domestic and imported handguns, rifles, shotguns, and commemorative firearms. Heavily illustrated with more than 8,000 arms, each listing includes descriptions and values in three grades of condition, according to the NRA's "Modern" standards. A new 8-page colour section hosts many popular arms.
