(Pdf free) Gunfighter: An Autobiography

## **Gunfighter: An Autobiography**

**John Wesley Hardin : Gunfighter: An Autobiography** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gunfighter: An Autobiography:

3 of 3 people found the following review helpful. A must have for the real enthusiastBy Nick S. SharrerThis book tells it like it is in his own words. Since the famous outlaw wrote it himself it's obviously covering up the truth for some parts, but how much closer can we really get to the truth, and it's a fascinating study from his side. Historians will talk about the details from others' point of view, but how often do we get to find out what he was doing when others were

looking for him, and how he felt about each act, and what really made him who he was. You can almost detect his Texas accent as if he were speaking directly to you. Just don't try to read it while the TV's on. It's way too important, and you'll find yourself entirely wrapped in this book until finished. It doesn't take long to read, but it's action packed and the timeline and events mentioned are real. 0 of 0 people found the following review helpful. Five Stars By CustomerGood 0 of 0 people found the following review helpful. Great book By Kim Really great book and excellent purchasing transaction.

Texas, 1868. Outlawed by his first kill at age fifteen, John Wesley Hardin assumed the life of an itinerant cattle drover, gambler, and exterminator of men. His bloody trespass through Southern states ravaged by the American Civil War found him pursued by lynch mobs, bounty hunters and assassins. Hardin became the archetypal wanted man. First published in 1896, *Gunfighter* is a unique, gripping evocation of an American frontier stalked by vengeance and sudden death. A true classic of outlaw literature, it not only stands as one of the first recorded confessionals of a serial killer, but also as a study and inadvertent indictment of the gun culture which stills holds sway in modern-day America.

From Publishers Weekly Son of a Methodist preacher, John Wesley Hardin killed a man at age 15, thus beginning a murderous, fugitive existence. He was eventually caught, and during his 16 years in jail studied law. After his release, he set up a law practice, but soon returned to gambling and drinking. By the time of his death at the age of 42, he was killed in a barroom brawl he was loathed as a murderer and loved as a vigilante hero, in equal measure. He also left behind the eerily captivating *Gunfighter*, the only literate, first-person account of an outlaw that has emerged from the late 19th-century West. This edition is the first since 1961; few cultural historians of the period will want to be without it. Copyright 2001 Cahners Business Information, Inc.
