The books break down the steps very logically, contains sufficient practice, and scaffolds very well. The reading starts fairly basic and covers common topics that are easy to comprehend and discuss. Overall, a great series of books that I recommend highly.2 of 2 people found the following review helpful. Wonderful bookBy K.Z.I enjoy using this book with my ESL students. They like the short articles that go straight to the point and develops vocabulary.1 of 1 people found the following review helpful.

Weaving It Together: Connecting reading and writing 2nd edition By V. Moreno  
The book was on time and its quality is excellent, just as it was described. I am very satisfied with the purchase.

Weaving It Together connects high-interest readings with clear writing activities. Learners build both reading and writing skills through understanding relevant readings and confidently expressing concepts and ideas in carefully structured writing exercises. By connecting these two necessary competencies, learners seamlessly develop both language and academic skills. Enhanced vocabulary instruction teaches students how to build vocabulary and words in different contexts. Updated reading passages on intriguing topics stimulate students to write creatively and act as models for student writing. Revised discussion and critical thinking questions include more exercises that challenge students to become better readers. "What Do You Think?" section in each unit introduces the unit theme and provides a comprehension check at the end of each unit, connecting the content to students' lives. "Weaving it Together" sections include "Connecting to the Internet" activities and "Timed Writing" prompts, offering a full-circle connection of the unit theme to the reading and writing.
