[PDF] Weaving Off Loom

## **Weaving Off Loom**

**Dona Z. Meilach, Lee Erlin Snow : Weaving Off Loom** before purchasing it in order to gage whether or not it would be worth my time, and all praised Weaving Off Loom:

2 of 2 people found the following review helpful. A Thrilling BookBy Empress CindyDona Z. Meilach is an unsung shero of fiber art. During Hippiedom, she published book after book about how to make wonderful work by learning some basic techniques and expanding our imaginations.This book is my favorite. Because of its age, most of the photos of bw, but they're still thrilling. The fiber artists of Hippiedom opened up traditional women's crafts into the infinite possibilities of art.If you have any interest at all in weaving, get this book!2 of 2 people found the following review helpful. Lotsa IdeasBy bettydFor someone who is interested in weaving without a loom, this book gives lots of ideas on how to start, suggested patterns and how to hang (which is a problemwith this kind of work). Good food for thought---and action.1 of 1 people found the following review helpful. This book is amazingBy Christi JohnsonI love it, one of my absolute favorites. I'm constantly looking to it for new techniques and ideas. Highly recommended!!

A variety of weaving techniques that don't require a loom.
