Weaving You Can Wear

Jean Wilson, Jan Burhen : Weaving You Can Wear before purchasing it in order to gage whether or not it would be worth my time, and all praised Weaving You Can Wear:

3 of 3 people found the following review helpful. Needs to be more specific.By PhilipThe book is ok for generating ideas but the cutting and sewing instructions are spotty at best. The diagrams are hard to read and the black and white photos do not really give you a sense of the real wearability of the clothing. I would be happier if it was a real instruction book.2 of 2 people found the following review helpful. very goodBy david welshThis one was for my wife who is a metalsmith and weaver. She found it to be very good and easy to follow9 of 9 people found the following review helpful.
