He's traveled the far reaches of Europe and most of my escapades in AK. He's been lost in hostels, found cavorting with SEVERAL Australian college girls, completely shnocked in Prague, caked in salo in L'viv, cooked with squid in Split, and had a kidney stolen in Paris. But his cheery smile never ceases and his flower basket is always overflowing!0 of 0 people found the following review helpful. Fun, cute, new friend.By ACame with a fun little booklet with facts about gnomes, I take this guy hiking with me and place him in photos of all of my adventures and places in the mountains. Unfortunately he's a little heavier than I had hoped since every ounce counts when you're carrying everything on your back deep into the woods.1 of 1 people found the following review helpful. Cute little guyBy MicheleWe got this for our neighbor who has a gnome addiction. My 3 year old son and I played "gnome fairy" and snuck it into her garden - amongst 15 or so other gnome friends. We left the book by her back door with a little "fairy dust" (glitter) trail. She's mentioned it to us, but has no idea where it came from!!! Mission accomplished :) Adorable whether you collect gnomes or not. Cute little random act of kindness gift.

Following the success of our popular Pink Flamingos Gift Set, this humorous little incarnation of the classic, kitschy lawn ornament will be at home anywhere from the backyard posy patch to the office desktop. Rumored to bring a bit of luck to the owner, the colorful garden gnome will, at the very least, bring a smile.
