Whitman Encyclopedia of Obsolete Paper Money, Volume 7

Q David Bowers : Whitman Encyclopedia of Obsolete Paper Money, Volume 7 before purchasing it in order to gage whether or not it would be worth my time, and all praised Whitman Encyclopedia of Obsolete Paper Money, Volume 7:

0 of 0 people found the following review helpful. Premier Reference Work; Cheapest Imaginable BindingBy PLBGreat book, invaluable amount of data and history, first rate research on a subject where it is difficult to find any information. I own the first seven volumes and use them regularly prior to purchasing any banknotes.The problem, and the reason for the one star rating, is the incredibly weak binding. I ordered two books from different sellers and had to return both of them because they were literally falling out of the bindings before I could remove them from the package; one text I did not even open. On the first text I ordered the inside page was separating from the cover; on the other there was a two inch crack running up the outside of the spine and the pages were already separating. If you buy this volume, you should also purchase a three ring binder to place the pages in. A pity such a monumental work in this field has been placed in the cheapest binding Whitman could find. I have seen paperbacks with better bindings. We

contacted the company and they offered to replace it with a "selected" one at a higher price than I could find it on ...

You decide...0 of 0 people found the following review helpful. Terrible binding.By Mary Jane BrookshireGreat reference book. I purchased this book as a gift for the Tennessee paper money information. The low rating is because the binding on the book is broken. I exchanged the book and received one with worse breakage. Be prepared for a damaged book.0 of 0 people found the following review helpful. Five StarsBy Robert A. SmithExcellent source for VA obsolete currency, valid and spurious notes. Also, has very good images of notes.

The seventh volume of Q. David Bowers's multiple-book Whitman Encyclopedia of Obsolete Paper Money covers in great detail the states of Alabama, Arkansas, Kentucky, Louisiana, Mississippi, Tennessee and Texas. Bowers gives his historical narrative for every town, city, and bank involved in producing notes in these states from 1792 to 1866; note-by-note values in multiple grades, current rarity levels, and significant auction results, and other market data based on ongoing research; full-color images, and more. Volume 7 is the second volume on the South Atlantic states; one more volume will complete the region. Earlier volumes studied New England in similar detail, and subsequent volumes will cover the Mid-Atlantic and Southwest states.

From the Inside FlapThe seventh volume of Q. David Bowers's multiple-book Whitman Encyclopedia of Obsolete Paper Money covers in great detail the states of Alabama, Arkansas, Kentucky, Louisiana, Mississippi, Tennessee, and Texas. Bowers gives historical narrative for every town, city, and bank involved in producing notes in these states from 1792 to 1866; note-by-note values in multiple grades, current rarity levels, significant auction results, and other market data based on ongoing research; full-color images; and more. Volume 7 is the second volume on the South Atlantic states; one more volume will cover the remaining Southern states in similar detail.About the AuthorQ. David Bowers is an American numismatist. Beginning in 1952, Bowers's contributions to numismatics have continued uninterrupted and unabated to the present day. He has been involved in the selling of rare coins since 1953 when he was a teenager. A 1960 graduate of the Pennsylvania State University, Q. David Bowers was given the Alumni Achievement Award by that institution's College of Business Administration.
