Even though this may be a older book it is still very valuable to the Coca Cola collector to help date vintage items and give the reader more info on their Coca Cola items. I find the book to be very well put together and a must for any Coca Cola collector or dealer. Thanks.0 of 0 people found the following review helpful. coco colas good stuffBy Customerlots of beautiful photography and useful information on coco colas' memorabilia and its' history

This excellent reference for anyone interested in the wondrously broad range of Coca-Cola collectibles is now in its newly revised fourth edition! This book is filled cover-to-cover with approximately 2,000 bright, color pictures of the most sought-after Coca-Cola products ever made, from advertisements, trays, and bottles to haberdashery, jewelry, and amazing one-of-a-kind novelties, all with updated prices reflecting today's market. From its earliest offerings to a modern-day selection, Coca-Cola is well represented by this definitive text, which includes many of the rarest pieces from within the Coca-Cola Company's own archives. A useful and gloriously beautiful book!
