Exactly what I was looking for!By kaygeeWonderful idea/instruction book for those of us with small rigid heddle looms wanting to move on from simple projects like scarves to clothing. I like that the author gives information from setup to finishing and includes multi-size instructions as well. The photography is beautiful and inspiring. Very happy with my purchase and look forward to trying many of the projects included.7 of 7 people found the following review helpful. Not only are her designs wonderful and uniqueBy Deborah NakeABSOLUTELY INCREDIBLE BOOK !!! Having had Tammy come to my shop over the past several years to teach weaving, I can personally guarantee that both beginners and experienced weavers will benefit greatly when referencing her book. Not only are her designs wonderful and unique, her step by step instructions outline and clearly explain the techniques she has developed to create them for yourself. What more can I say - I'm a big fan - and can't wait for her next publication.1 of 1 people found the following review helpful. Fabulous book..By Goddess BeingI am new to weaving and this book so inspires me to create..wonderful book, great photos and I can hardly wait to start..A must book for someone wanting to dive into weaving.

Go beyond the rectangle to new frontiers with your portable rigid heddle loom. 12 Stylish designs draw upon basic knitting, sewing and/or crochet for drape and fit. You'll find innovative twists on traditional methods for beginner to experienced level weavers. If you can warp a rigid heddle loom, you are ready for this next step. Create wearable treasures with simple tools: from accessories, tops, vests, and wraps to the elegant kimono. There's a design here for every body type in a broad range of sizes.

About the Author Tamara Poff holds a BA in Art Education from Michigan State University, with graduate study at Kendall College of Art and Design in Grand Rapids, MI. A painter, former wholesale yarn rep for many years, and an avid knitter and weaver from an early age, she currently teaches rigid heddle weaving in local yarn shops throughout the United States.
