Zenith: Swiss Watch Manufacture Since 1865

From Brand: Damiani : Zenith: Swiss Watch Manufacture Since 1865 before purchasing it in order to gage whether or not it would be worth my time, and all praised Zenith: Swiss Watch Manufacture Since 1865:

3 of 3 people found the following review helpful. Master Book for ZENITHBy Daniel in HKThis book can find all I am looking for. I can find the zenith history, large amount of zenith vintage watches photos, movement information, different seies introduction... This is the master book for famous brand - ZENITH!

This volume retraces the history of the famous Swiss watch house Zenith, documenting events and production over the course of the past 140 years. Setting out from the first pocket watches, which after the 30s gradually gave way to more modern wrist contraptions--accessories initially seen in a very negative light--the book documents the invention of

both the revolutionary 17 ligne movement and one of the sector's best-known calibers, the legendary El Primero. With more than 700 illustrations with detailed captions, Zenith also includes the increasingly specialized models of later years, including waterproof casings, chronometers, chronographs with special dials and timepieces for the military, sport and medical sectors. Not to mention anecdotes, memorabilia and rare period advertisements.
